

THE SMOKEHOUSE HOTEL

CAMERON HIGHLANDS

Ideally positioned between the hamlets of Tanah Rata and Brinchang, the Smokehouse Hotel, owned and managed by Country Inns, overlooks the fairways of the Cameron Highlands golf course. Built in 1937, the Smokehouse is one of the older country houses in the enchanting surroundings of the Cameron Highlands. The Smokehouse Hotel will remind you of the finest country inns. Latticed windows, wooden beams, comfortable furniture and friendly service - all traditional features of country hospitality.

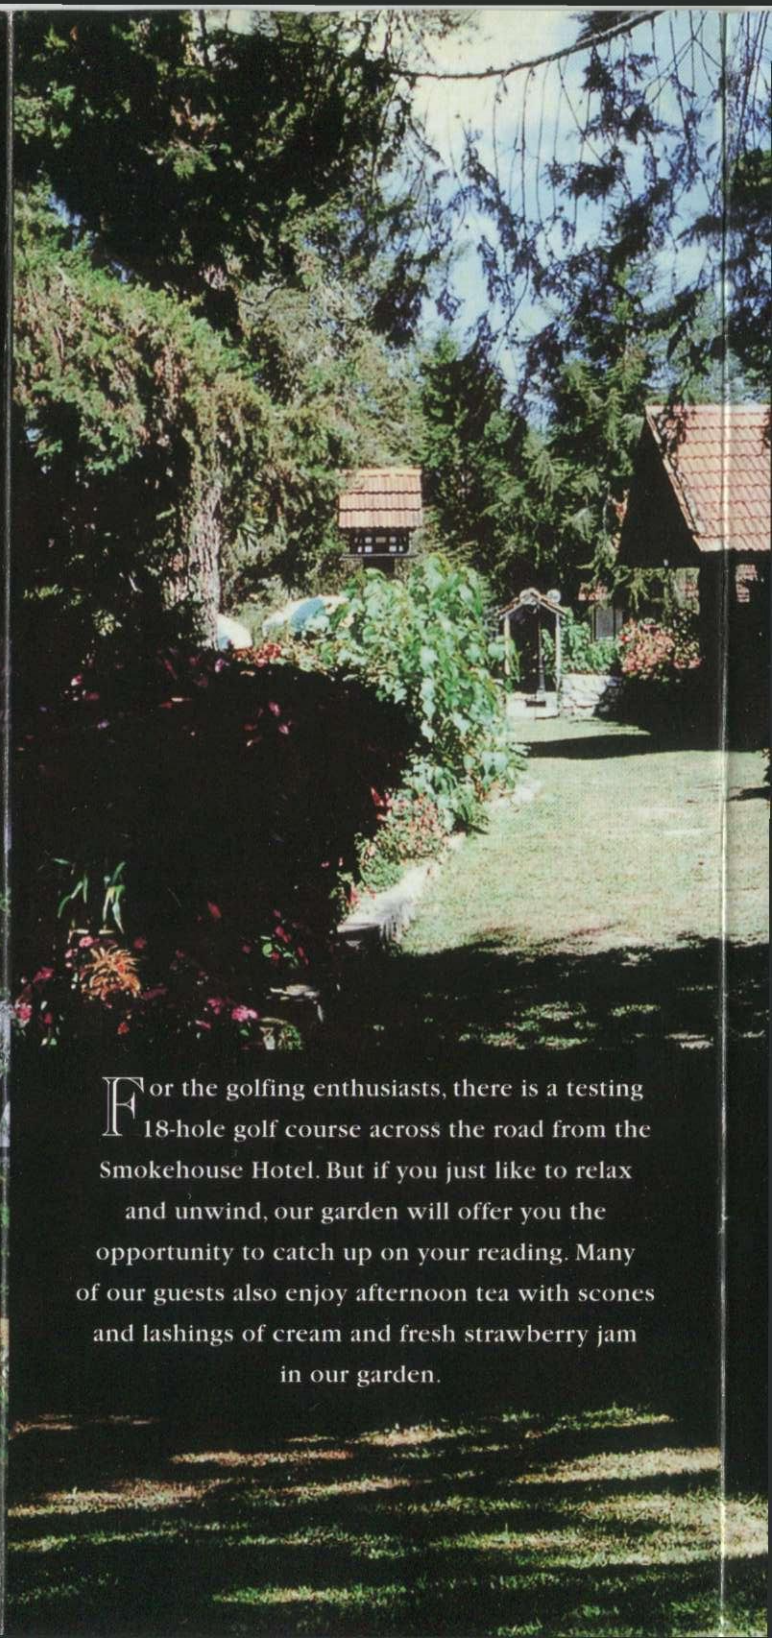

The Smokehouse Hotel is far enough away to do you a world of good and yet, not so far away from all the creature comforts that you are used to. Charmingly reappointed as a luxury hotel, the Smokehouse is a haven of highland hospitality, blending many of the amenities found in an international class hotel with the original charm of a delightful country house.

Like all our guests, you can begin the day in the Highlands with a hearty complimentary English breakfast before exploring the verdant sceneries in Cameron Highlands. Within the vicinity of the hotel, there are a number of interesting climbs and walks. If sufficient notice is given, our staff can prepare fresh sandwiches and pies packed with the finest fillings. Alternatively you can try your hand at fishing in the highland streams and lakes. We shall cook your catch just the way you like it.

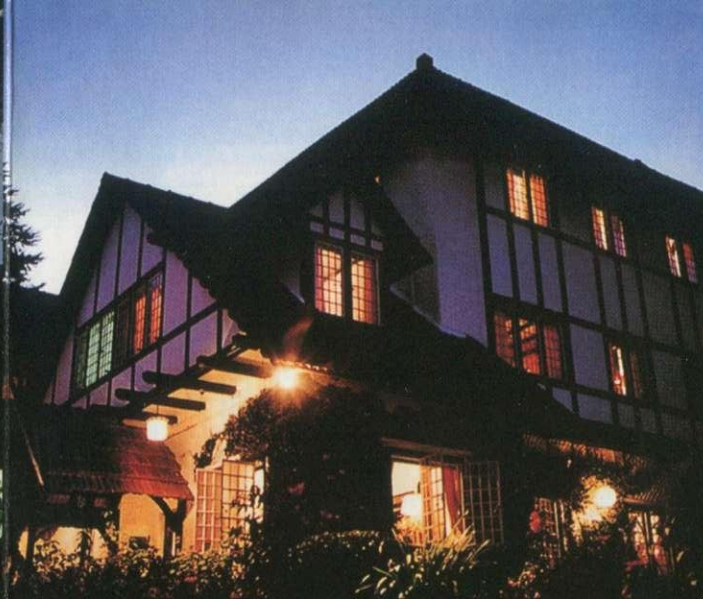

You will notice the difference straight away. The fresh air is that much cleaner and crisper up here in the Cameron Highlands such that it will perk up your appetite. The vegetation is lush and luxuriant. You will find yourself thinking clearly again.

For the golfing enthusiasts, there is a testing 18-hole golf course across the road from the Smokehouse Hotel. But if you just like to relax and unwind, our garden will offer you the opportunity to catch up on your reading. Many of our guests also enjoy afternoon tea with scones and lashings of cream and fresh strawberry jam in our garden.

When the day draws to a close, a warm welcome in front of a roaring fireplace awaits you in our bar in the evening before dinner. We shall have your favourite drink ready and prepare your dinner. The restaurant offers an atmosphere of comfort and luxury unsurpassed in this area. In the design and preparation of menus, our chefs can call on locally grown vegetables to complement the finest meat and fish.

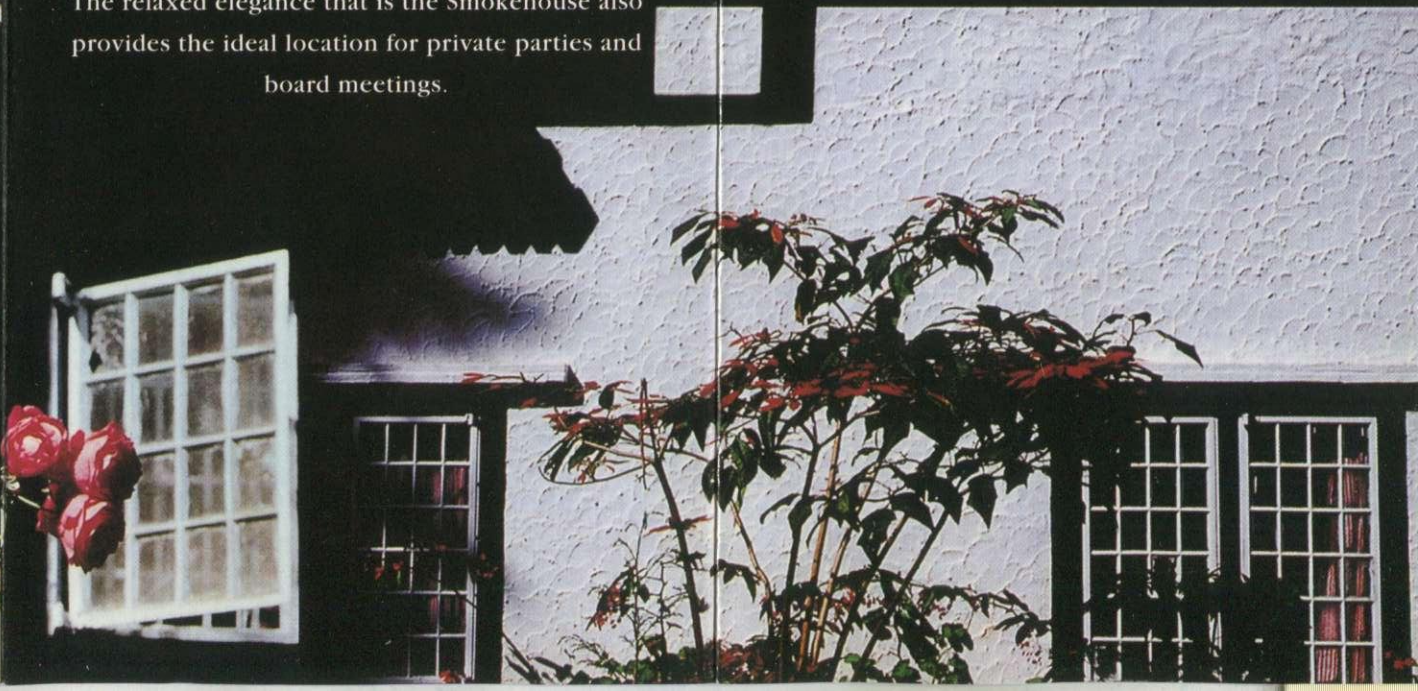

The Smokehouse Hotel is a simple drive away from all major cities. We are just three hours away from Kuala Lumpur and two hours away from Ipoh. Fly to Kuala Lumpur and we shall arrange transport to whisk you away to the Smokehouse.

The relaxed elegance that is the Smokehouse also provides the ideal location for private parties and board meetings.

Rates for our suites begin at RM400 excluding taxes. All rates quoted include full English breakfast and newspaper but are subject to service charge and applicable taxes. The Smokehouse reserves the right to adjust rates and service charges without prior notice. Please take note that these rates serve as a guide.

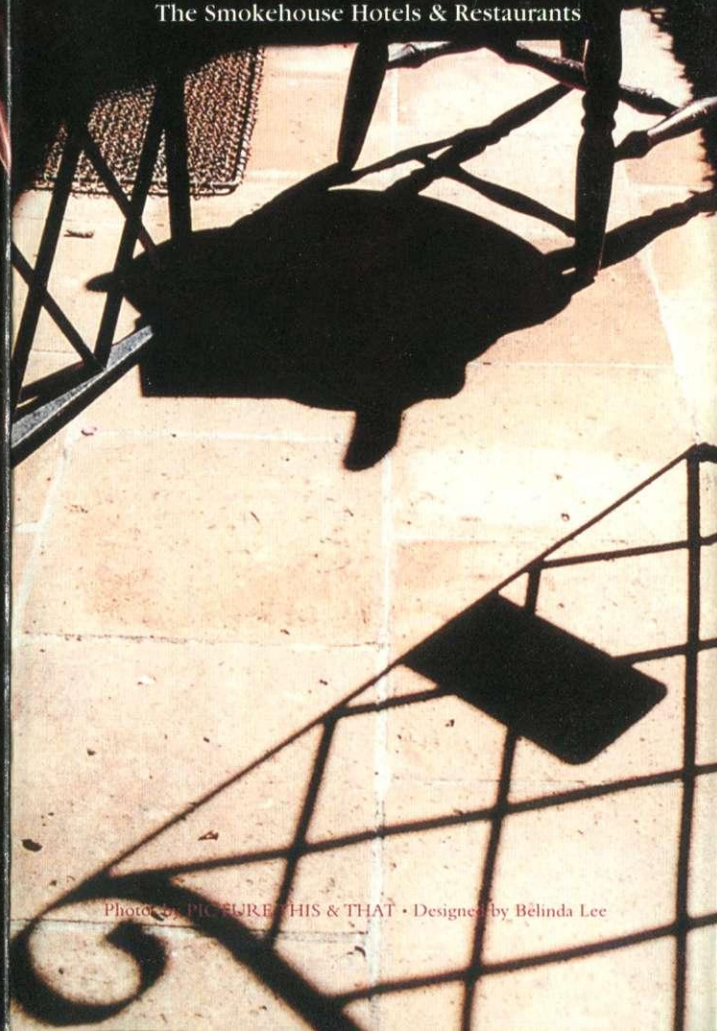

Each of the Smokehouse's 13 suites has been individually designed with the comfort of our guests in mind. Just as it has been since 1937, the Smokehouse offers different styles and furniture in each of its rooms whilst providing the high degree of comfort expected of a country house hotel.

Many of the suites have four poster beds and are all equipped with lavish toiletries and thoughtful extras. Bathrobes, hair dryers, fresh fruits, evening maid service and newspapers are standard to all our suites. Antique furniture links with traditional and contemporary styles of fabrics to create an ambiance of a gracious house.
